IN THE UNITED STATES PATENT AND TRADEMARK OFFICE

In re application of : **Confirmation No. 3667**
Ryo GOITSUKA : Docket No. 2001_0614A
Serial No. 09/856,061 : Group Art Unit 1653
Filed July 10, 2001 : Examiner Robert A. Wax

MAST CELL-SPECIFIC SIGNAL TRANSDUCER
AND cDNA THEREOF

REQUEST FOR CORRECTED NOTICE OF ALLOWABILITY

Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

Sir:

The undersigned has received with thanks the Notice of Allowance and Notice of Allowability in this application.

However, the Notice of Allowability fails to acknowledge receipt of the Applicant's Response filed July 28, 2004. Such response was timely filed with a petition for a five month extension of time. Copies of these papers are enclosed.

The Examiner will note that in the Response, claims 2-12 were cancelled without prejudice and claim 13 was added.

Accordingly, it is requested that a corrected Notice of Allowability be issued indicating that claims 1 and 13 are allowed.

The Notice of Allowability also fails to acknowledge receipt of the certified priority document which was filed on July 28, 2004.

A corrected Notice of Allowability is thus requested to be issued by the Examiner.

Attached is a photocopy of the postcard receipt, indicating receipt by the PTO of the Applicant's Response, Petition for Extension of Time and Claim of Priority with certified priority document which is dated July 28, 2004.

Respectfully submitted,

Ryo GOITSUKA
